WRITTEN BY BRENT PERDUE

### ABOUT STOLEN MOON

Humanity's last shared experience before the final global war - a total solar eclipse - ends with a shocking surprise as an unseen force reaches across the galaxy and plucks the moon from orbit. The impact on Earth is instant and catastrophic. Survivors soon realize that their best hope for the future is to burrow deep underground together, yet old conflicts and divisions remain. Will the extraordinary efforts of seven ordinary individuals be enough to pull the planet, and humanity, back from the brink of destruction?
